

MOTION BY SUPERVISOR MICHAEL D. ANTONOVICH

MARCH 13, 2007

Amendment to Item #10:

This Board has allocated increased funding to the Probation Department to address recommendations by the Department of Justice and the two audits to improve the juvenile halls and the overall programs and management structure, respectively. As we continue to increase personnel in the Probation Department on the juvenile detention side, it is also important to evaluate the needs in the field side, including caseloads and effective public safety programs.

I THEREFORE MOVE THAT, the Board of Supervisors direct the Chief Administrative Officer to include a review and recommendations on Probation’s needs relative to field services, including caseloads and effective public safety programs.
